LESTER H. STRAWN,  
Law Office over Dr. Smith's Drug Store.

The Galloway House and land, 50 feet deep by 575 feet front, with good title, situated in the city of Ottawa, Ill. Will be sold at a bargain if sold soon. Address: W. A. DICKERMAN, Marquette, Illinois.

**THE FACT**

Of the following statement can be thoroughly established by a single trial: "The Golden Slipper Cigar has no equal for 5 cents." It contains the best tobacco, and is well made; a cigar as pure is seldom found. The price and quality establishes a new era in cigars.

The Axle Grease I sell contains no lard, water or filler; will wear longer than all others; does not melt and run away in the sun. All should use it, as it costs no more than the inferior kinds.

The fact is established that I am the largest and principal Paint Dealer in this section. I sell the best Leads, Oils, Brushes, &c., at the lowest figures. I am sole agent for the old time-tried and reliable Mixed Paints; sold at the same price as those water, lime, soap, benzine paints.

My Prescription Department is complete; all drugs, chemicals and preparations the purest and best, with competent clerks and lowest prices.

**E. Y. GRIGGS.**

**Livery & Feed Stable.**

The congregations are rapidly increasing.

**Milwaukee Beer at Piergue's.**

Gents, for a fine low shoe call at Spencer's.

Call at Hess's bakery for good ice cream, fruit and confectionery.

The Victor Mills people are putting in a railroad track side at their special track at the mill.

Forbes & Flick have just received a new line of novelties in neckwear, &c. Call and see them.

No remedy has been found for Fever and Ague which proves so uniformly successful as Ayer's Ague Cure.

Next week the mineral spring grounds will be enlivened by more than ordinary attractions.

Frank Gregg, who has control of the premises, has arranged for several new features besides his concerts.

The Ottawa Bottle and Flint Glass Company on Tuesday elected as directors W. H. Hull, C. D. Trimble, H. M. Hamilton, S. E. King, H. T. Gilbert and J. R. Cameron. When Mr. King returns from Minnesota this board will elect officers.

Telephone toll stations have been made at Marquette and Utes. An instrument has been placed in Mr. Nell's drug store at the former place, and Giltner's office has been selected at the latter. The rates of toll have not been announced, but will probably be 15 cents for each five minutes' talk.

## The Opportunity.

Elsewhere is announced the continuance of the bargains lately made prominent by Sales Nos. 1 and 2 at H. J. Gillen's, with other interesting particulars.

These sales have, through the immensity of the stocks offered at so great a reduction from market value, created a decided sensation in the market, and the result of this wholesale slaughter has been a trade large for any season, enormous for July, of which other traders have complained.

The fact is, this is a genuine sacrifice of goods bought at a sacrifice—an opportunity offered in Ottawa but once in a series of years. Many lines have been and are now selling at less than 50 cents on the dollar, and as all goods are marked in plain figures the sacrifice can be seen at a glance by the buyer himself.

The reductions are not confined to one line but bargains are offered in all departments of this immense stock; and all summer goods in particular will be found at the extreme of low prices.

Complete line of boots and shoes and the best grocery stock in the city.

Every buyer in this county is asked to call and examine the stock. The house is satisfied it can save the buyer money on all lines carried and asks only the opportunity to do so.

Dr. J. O. Harris is in receipt of a letter from parties in Cherryvale, Kansas, written June 10th, saying crops were fine, wheat yielding from 20 to 35 bushels to the acre; and some corn stood on that date 12 feet high. Dr. A. E. Gibbs is now in that part of the state.

## I Want More Room.

In order to make room for the largest and finest lot of holiday and fancy goods that I contemplate putting in this fall, I shall for a few weeks offer all of my present stock regardless of cost. Now do not let this opportunity pass for selecting such choice fancy goods at your own price at G. Gehring's, north of the court house.

Don't forget that Spencer is the only one that keeps the famous Gray Bros. shoe for women and misses.

If you want a decorated cup and saucer buy it. And if you want good tea go to C. M. Shaw's.

Some time ago a German immigrant arrived at La Salle with his family, and remaining there a while got somewhat in debt to a fellow countryman. Afterwards he went to Minnesota and getting work saved money enough to pay part of his debt and to have his children sent to him. The La Salle man pocketed the money sent, and to lighten his creditor threatened to sell the children to wipe out the balance of the debt. The immigrant was worried. He wasn't "used to the ways" here; and so wrote Judge Miller a tearful letter, beseeching him to interfere and save him his children. Recorder Arnold answered the letter, conveying to the ought-to-be happy German the information that Americans had ceased to buy and sell human beings! The facts were reported to Supervisor McLaughlin, of La Salle, who doubtless has by this time placed the children in their parent's keeping.

Maher Bros. handle the best stoga kip boots for the price. No factory make; hand made.

Remember the specialties at Lynch's. Ladies', misses' and children's muslin underwear, carpets, men's trousers and undershirts, cassimere, tweeds, jeans and cottonades, hosiery, gloves, sacques, dolmans and jackets.

## 20 Years.

Twenty years' experience in putting up prescriptions.

FORBES & LORRAUX.

A marriage record was recently returned to the county clerk, accompanied by the usual answers to questions, in which the bridegroom stated he did not know either his father's first name or the name of his mother.

The Rock Island road has made arrangements for running a car from Omaha east over the Kankakee line to Cincinnati. For this accommodation the train passing Ottawa at 11:35 a. m. now stops at Seneca, where close connections are made with a through passenger. The train formerly leaving Seneca on the K. & S. does not leave now until after the west bound train arrives, arriving at Kankakee about 1:30.

Remember the F. O. Cass shoes have no equal in the market, and Maher Bros. have the exclusive right.

Turners will be numerous in the city next week. They are invited to call at the New England bakery for good ice cream.

Considerable complaint has been made against South Ottawa parties for allowing a drove of horses to run the streets at all hours of the day and night, breaking down fences and walks, destroying young trees and doing other damage. Owners should be required to keep their stock up, especially when both public and private property is being injured. There is little use, the seventh warders think, of building sidewalks only to have a drove of horses run over and destroy them almost before the work is done.

## A Word of Caution.

As is usually the case where an article of true merit has attained a world wide reputation by its wonderful results, as the celebrated Electric Bitters have done, certain unprincipled parties have endeavored to imitate them, and expect to induce an unsuspecting public to purchase their fraudulent wares. Ask your druggist for the genuine Electric Bitters, that are guaranteed to cure, and take no others. Sold by E. Y. Griggs at 50 cts.

## Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetters, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by G. Gehring.

Of that popular summer resort, Deer Park, the Tonicia News says: "Deer Park is making a reputation for being one of the most pleasant and picturesque summer resorts in the state, all owing to the substantial improvements made this season by the owner, Mr. Clayton. A new road has been graded leading down the bluff, laid out, stables built, and the surrounding lands at the Lodge improved by platforms, seats and gates, and the whole placed above damage by floods."

## It Beats Them All!

The New Model Thresher and Traction Engine, manufactured by C. Aultman & Co., Canton, O., and sold by F. D. Sweetser & Co., of this city, to C. L. McCumber, of Deer Park, in this county, was given a trial trip last Wednesday evening. The engine is self-propelling, with only a small pair of horses needed to steer it. The engine had hitched behind it a tank holding six barrels of water; the separator was hitched behind the tank. The engine took the complete train up the West Creek hill without a balk or the least bit of trouble. Mr. Laughlin, one of the shop experts, will instruct Mr. McCumber (who is assisted by Mr. Bradford until he becomes more acquainted with it), and we know by the reputation that these celebrated machines have they cannot help but please and satisfy all farmers who patronize the above machine.

Remember the Philadelphia shoe house when in need of boots and shoes. Every variety of style or quality at the lowest possible price.

If you want good, wholesome groceries call for them at Burke Bros., or order by telephone.

There will be a grand festival and dance at Turner Hall on Friday evening, August 4th, 1882, under the auspices of the ladies' and gentlemen's branches of the Irish National Land League. During the festival Fitzgerald's Band will furnish its choicest music. At the close of the festival dancing will begin. Everybody invited to come and have a good time. Admission, 10 cents; admission and ticket for dance, 35 cents.

An unknown man, probably a tramp, about 60 years old, was struck by the 3:10 train on the Rock Island railroad on Wednesday, receiving injuries from which he soon after died. Coroner Wells held an inquest upon the remains the following day, upon the return of the train from the west. No blame is attached to the company or its employees.

The best tea in Ottawa. You can buy it at Shaws at 80 cts. Call for a sample and try it.

Dayre & McMahon have just finished repainting their pleasant restaurant on Main street, outside and inside, and now are in first-class shape to entertain all who may want ice cream, candies, fruits, &c. They deal in none but the best of everything. Fruits of all kinds, cigars and tobacco a specialty. They are prepared to furnish picnic parties, and other gatherings with full supplies. Their stock of candies cannot be beat by any dealer in the city, because everything is new and the stock is kept replenished all the time. Don't forget to call on them, at the foot of Court street, south side of Main.

Burke Bros. are selling the popular Arbuckle's loose coffee at 15 cts. per pound.

From having a second-class emigrant car for its passengers to ride in the Peru accommodation now boasts of one of the handsomest and best ventilated coaches running on the Rock Island road. It was put out July 1st, and contains all the modern improvements and is a real luxury to travel in. If the Rock Island company will only shorten up the running time of this train and take off its freight duties, the traveling public would begin to think the road was trying to do them a favor. This question of quicker running time on our roads is, we are glad to see, being taken up by the Chicago dailies. The Herald starting the ball on Thursday morning last in an editorial, in which a comparison is made of the times of running east and west. Eastern roads on local trains running into New York make a run of the same length in about one-half the time of roads running into Chicago. These slow trains are getting to be a nuisance. Time now-a-days is too valuable to waste, and the present time cards are an imposition on the whole northwest, for "they all do it." It is to be hoped Chicago's greater dailies will take the question up and demand faster time, for the public demand it, and if Chicago proposes to dictate how roads in Illinois and the northwest shall be managed she ought, at least, to demand that the public be accommodated.

The finest lot of men's fine sewed shoes in the city at Maher Bros.

100 barrels of salt for sale by C. M. Shaw.

Soup, every day at Piergue's.

BURGERS.—Messrs. Decker & Deming, of Chicago, are at White's Hotel, with a new invention, as will be seen by adverb. elsewhere. Having seen this bell work, we can say we are at a loss to see how a burglar can do much with it. Its machinery is very simple, but is wonderfully effective, as the least turn of the door knob sounds an alarm and a closed door cannot be opened without giving an alarm. As one might say slangily, it is a "slick" little detective, and as its usefulness extends beyond mere detective work, the man who gets the agency here will have a bonanza.

## The Keystone of Health.

How can you expect to feel well, or even enjoy life, when you go about with a hacking cough? The fool, in his wisdom, says there is no cure for it, but the wise man hires him to a druggist and gets a bottle of Dr. Bigelow's Positive Cure, and at once gets well. A trial bottle costs nothing. (d)

Nobody enjoys the nicest surroundings if in bad health. There are miserable people about to-day to whom a bottle of Parker's Ginger Tonic would bring more solid comfort than all the medicines they have ever tried.—News.

The Morning News, of Lowell, Mass., of July 25th, contains a handsome letter upon "A Sucker City," written from Ottawa by Mr. Clements, who has recently been in this vicinity. It shows the numerous advantages Ottawa presents for a manufacturing point.

## Their Warfare is Accomplished.

Was the touching inscription placed upon the tombstone of a husband and wife. There is nothing which so sours a man, and induces domestic warfare, as ill health; and especially weakness in the back, loss of physical power, an early breaking down of body, rendering one unfit to attend to his business. Then comes anxiety multiply, the temper becomes ruffled, and peace flies out of the window. Behold the great restorer, Hunt's Remedy! Quietly it comes to the man's relief. One bottle searches out the disease, and begins its cure. Two or three more take on the good work, and finish it satisfactorily. The kidneys are healed and restored to their proper functions, the weakness is gone, the back is renewed, the bloom of health returns, and all the old time mental vigor in one's business affairs; and there is no more sour temper, but lasting peace. All hail to Hunt's Remedy.

## Early Arrivals.

It might be said that HULL's is forcing the carpet season a little, but it is a way HULL's has to lead in everything, and so this week saw arrivals of another new stock of carpets. The invoice was quite a heavy one and comprised some of the most beautiful designs and colors we have seen in Ottawa for a very long time. The line created considerable notice during the week. Special care has been taken in the selections both in style, design and coloring as well as materials and the cream of the new patterns is here so that at HULL's can be seen to-day probably the only complete stock of carpets in the county. Prices on these goods are generally low in Ottawa, but as HULL's means to lead the market in carpets as in other things the public may be sure of getting their choice goods at a bargain.

## Correction.

In the report of the dedication ceremonies of Ottawa Lodge No. 41 I. O. O. F. made by the *Republican* of last week there is a grave error. The reporter being wrongly informed, says "The ceremonies were delayed till 9 p. m. by the dilatoriness of Mr. Wilson in his musical arrangement." The delay was caused by the fact that the committee on instrumental music was out of town and did not get in on time, thereby causing a change in the programme. Mr. Wilson who was committee on vocal music, was very efficient and prompt in all his musical arrangements and deserves our thanks for the fine vocal music procured by him for us. E. Y. GRIGGS.

The great clearing summer sale of Scott Bros. & Co. will be continued through next week. Several thousand people from La Salle and adjoining counties have been to see and purchase during the past two weeks. The low prices they have made astonish everybody. They are preparing for a big fall trade and this great cheap sale will only prepare the way.

Still greater reductions for next week in suit and millinery departments. 100 new gingham suits, three pieces, will be sold at \$1.50 and \$1.87. These suits were considered good value in June at \$3.00 to \$4.00.

Calico suits, lawn suits, linen and mohair ulsters all marked cheap.

Astonishing bargains in the "Millinery Department." New choice styles hats and bonnets 75c to \$1, trimmed, now 25c; \$1.25 to \$1.50 hats, trimmed, now 50c and 75c; \$2.00 and \$3.00 hats, trimmed, now \$1.00.

You will always find at Scott Bros. & Co.'s just what they advertise.

Mr. Wm. Furlough, who had the misfortune to be burned out on Thursday evening, desires us in his behalf to return thanks to his friends and neighbors and the fire department for their prompt and efficient aid in saving the larger portion of his furniture and household goods from destruction.

## Old Settlers.

Following is the programme arranged for the Old Settlers' Re-union to be held at Hoes' Grove, in this city, on Thursday, Aug. 24th:

Baggage will be checked free.

J. H. Pickens, general superintendent.

In the readjustment following the dissolution of the late firm of Osman & Hapeman and the re-organization of the business of the bookstore, we are pleased to note that that familiar friend of all the firm's customers is to become a partner, the new firm being Hapeman & Graham. "Billy" has long been the "right bower" there, and the new firm cannot fail to be a strong and popular one. We can commend them to the public, and wish them a prosperous future.

## Colorado Tourists' Tickets.

Commencing July 15th and continuing until Sept. 31st the C., R. I. & P. Ry. Co. will sell excursion tickets to Denver, Colorado Springs and Pueblo for \$50.00 for the round trip. Tickets will be good for going passage fifteen days from date of sale, and for return passage if used on or before October 31st, 1882. Respectfully,  
DAVID M. HALL, Agt.

Patrick Maghera and Michael Crotty, at Seneca, are building jointly a one-story brick block for business purposes. The building joins Mr. Underhill's store on the south and when completed will be a credit to that village.

In answer to a promise made to a committee of Ottawa business men, Supt. Kimball, of the Rock Island road, came to Ottawa yesterday to look up the matter of putting in switches for the fire clay and brick and the works east of the city. He was taken to the grounds by a committee of representative business men. From all that can be learned it appears he was convinced of the necessity of acting on the petition formerly presented, and promised that each of the works should have a switch, and that the road master would be in the city next week to look after the matter.

"How do you manage," said a lady to her friend, "to appear so happy all the time?" "I always have Parker's Ginger Tonic," was the reply, "and thus keep myself and family in good health and spirits. See adv."

## Reductions.

Now is the time to get summer goods at rare bargains. We must and will close them all out at low cash prices. Now is the time to save money. Call soon. FORBES & FLICKS.

Aside from a few small picnics the only social amusement in Ottawa for several weeks was the Harmony Club tea at the residence of A. E. Smith, Esq., on last Tuesday evening. There was a large attendance and in addition to the usual amusements of these teas Willis was present to furnish music for dancing. The evening was a delightful one and was most heartily enjoyed by all present. It is to be hoped now that settled weather has come again that the club will continue the series.

We must give J. E. Porter credit for being a great pusher in business. He has had a big implement trade this year, selling as a specialty nearly sixty Deering Twine Binders; and every farmer is more than happy who bought one, for they are perfect. Now he proposes to make the farmers' wives happy, having filled up his house (which is the largest implement house in La Salle county) with eastern buggies and carriages, and also the famous Moline Sulky, the only sulky that runs as light as a walking plow—over the left. So he is determined to make farming light and pleasant work for both those in house and out. The farmer rides and plows while the wife and daughters can enjoy visiting friends in one of his famous Cincinnati buggies. Give him a call, for you will get your money's worth every time.

The workmen are engaged this week laying the steam-conducting pipes from the boiler house on the fall lot to the new court house, through the alley that runs south from the boiler house. A trench is dug below the frost line, in which tile is laid. Above the tile is built of brick a receptacle for the pipe about a foot and a half by a foot high. The pipes being sealed at the joints, are covered with flag stones, the intervening space around and above the pipes filled with asbestos, packed very tightly. It was noised around this week that the contractor was hardly doing the "square" thing in the packing of the pipe; so the committee (very suspicious of late) hastened in to investigate. Several sections of the flag stone were torn up and the thing examined. They found that a knife blade couldn't be run into the wool, when they concluded it was all right, and went home convinced no guilty man had escaped this time. The boiler house building itself is rapidly nearing completion. At the court house work is progressing rapidly; lathing is going on and some of the interior wood work is being put in. The roof is ready for the metal covering, and the brass balls on the flag-staffs, spite of Uncle John Miller's protest, loom up like a sore thumb on a dark night.

Henry Walther has been granted the privilege of furnishing refreshments at the Turners' celebration and picnic at Hoes' grove, Monday and Tuesday. Call at his stand for hot coffee, cold meats and other edibles for either dinner or supper and save the walk over to town. Also ice cream, fruits, confectionery, &c. Walther's name and reputation is a sufficient guarantee that everything will be served in first class style.

For a cheap working shoe, for a fine shoe, for a fine or coarse boot, or in fact anything in the boot and shoe line, call at Spencer's; he keeps the largest stock in the city. Call and see for yourself.

Arbuckle's loose coffee, 15 cts. per pound at Burke Bros. Try a pound and test the quality.

Perkins' artesian well for the city has reached a depth of 325 feet where a fine flow of water was obtained, better in fact than almost any other well in the city. The contractor, Mr. Peck, considers the boring completed, unless Mr. Perkins desires it continued. It would seem that the number of wells makes no difference in the quantity of water, for the flow is as great now from them all as it was when the first one was dug.

Family Bottle Beer at Piergue's.

Gents, if you want good work shoes the place to find them is at Maher Bros'.

The Mascots played with the Stretcher Reds on Thursday, Sec. 37 to 14. The "mascot" "got away." Nuf sed.

## "Buchupaiba."

Quick, complete cure, all annoying kidney, bladder and urinary diseases. \$1. Druggists. Depot M. Kneussl.

On Thursday evening about seven o'clock the residence of Wm. Fourlough, on Douglas street, west side, took fire and was destroyed. The building was a two story frame house, with wing on the west for kitchen. The house was in good condition except the kitchen chimney which being defective caused the fire. The house was worth probably \$1500, the property of Storehouse and Gamp, Chicago. Mr. Fourlough's household goods were removed in good condition and his losses are covered by insurance. The house was insured in the Commercial Union for \$750.—The fire department was specially promptly responding to the telephone alarm. The distance to the Raymond reservoir was 10 or 11 blocks and to reach the fire from the reservoir 2500 feet of hose had to be laid, yet water was thrown on the fire in less than 10 minutes after the alarm, we should judge without having timed it. The steamer when it reached water had 40 lbs. of steam. The building was so dry, however, and the flame was fanned by a brisk breeze so that it burned rapidly, and the building was destroyed. Yet no fire department could have done better work.

## Bucklen's Arnica Salve.

The Best Salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetters, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Piles. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by E. Y. Griggs.

## Beware of Them.

A good article that has achieved success, and attained a world wide reputation by its true merits and wonderful results, is always imitated. Such is the case with Dr. King's New Discovery for Consumption, Coughs and Colds. Already unprincipled parties are endeavoring to delude an unsuspecting public, by offering imitations of this most fortunate discovery. Do not be deceived, but insist on having the true remedy, and take no other. For sale by E. Y. Griggs, Ottawa.

## The Greenbackers.

Some twenty or twenty-five delegates to the Greenback County Convention met at the circuit court room on Thursday afternoon. E. R. Wicks was made chairman and Fawcett Plumb, secretary. The purpose of the convention was to select delegates to the state convention at Peoria, Aug. 23, 1882. The following were selected: Hon. Alex. Campbell, Thos. Fairbairn, Rev. J. W. Harney, Hon. J. S. Armstrong, Philo Castle, E. R. Wicks, David Jacoby, David Westgate, Hon. David Richy, Mark Hoag and H. J. Wood. The delegates were empowered to fill all vacancies. The following resolutions were submitted and adopted:

1st. That the government, both state and national, is a government of the people, by the people and for the people.

2d. Therefore, if a considerable number of the people feel themselves aggrieved, they have the right and should have the privilege to submit such grievances to a vote of the people.

3d. That we are in favor of having the right to issue paper money taken away from the national banks. Pending the discussion of these resolutions liberal remarks were indulged in by Messrs. Plumb, Harney, Barnard (of Sheridan), and others, and the sense of nearly all present seemed to be that the party in this state should take an advanced ground upon the subject of prohibition, incorporating that plank in their platform; the few to be driven from the party by its adoption would be inconceivable compared with the many who would flock around the standard of political and moral reform. Rev. Mr. Harvey, of Stretcher, who said he was a Methodist minister, wanted the gates of the greenback camp to be opened and the entire prohibition party captured.

Another set of resolutions was then offered and adopted, as follows:

Resolved, That we authorize and instruct our delegates to take advanced ground as to all questions now agitating the people.

Resolved, That we recommend our delegates to the state convention to present the name of Frances E. Willard as a candidate for superintendent of public instruction.

The convention then adjourned: A second convention will be held Aug. 25th to select delegates to the congressional convention, and probably nominate a county ticket.

Large lots of men's low cut shoes, also fine hand sewed shoes, how being offered at greatly reduced prices at D. Lenhy's.

Geo. W. Reef & Co., of this city, sea having a heavy run on the J. I
